

BILJANA KOTEVSKA

Front End Developer

E-mail: biljanakotev@gmail.com

github: github.com/BiljanaKotev

Results-driven professional with over 5 years of experience in Product Management. Currently looking to take on new career responsibilities in tech. As a self-taught and Bootcamp front end developer graduate proficient in HTML, CSS, and JavaScript I am looking for a junior level position that offers professional challenges to continue learning and utilizing front end skills. Fully work authorized, no sponsorship needed.

Skills

HTML, CSS, JavaScript, OOP, React, Node.js, MongoDB, Express.js, Bootstrap, Responsive Web Design, RESTful Api, SEO, Figma, MS Suite, Adobe Illustrator, Git, Github, Web Accessibility, Attention to Detail, Problem Solving, Teamwork

Selected Projects

Bizzcrew website | [live](#) | [Github](#)

A small business website

- Designed, coded, and deployed a fully functional small business website from scratch using HTML, CSS, and vanilla JavaScript, ensuring a responsive and visually appealing user interface.
- Carefully curated the color scheme and content to ensure a polished and professional end product.
- Used Figma, with a wireframe serving as the basis for implementation.

Local Gems App | [live](#) | [Github](#)

- Developed and deployed the Local Gems app using the MEN stack, ensuring efficient back-end and streamlined server-side functionality.
- Seamlessly integrated Cloudinary for image management allowing users to upload, store, and display high quality images of local gems.
- Implemented a secure user authentication system, enabling users to create accounts and log in to access personalized features and app functionalities.
- Ensured a user-friendly interface with a responsive design.
- Enabled users to discover and share hidden local treasures, fostering community engagement and promoting local exploration.

Work History

Freelance Web Developer, Mar 2023 – Present

- Design, code, and deploy fully functional small business websites from scratch using HTML, CSS, and JavaScript, ensuring a responsive and visually appealing user interface.
- Collaborate with the clients to understand their requirements and translate them into a cohesive website design, incorporating branding elements and user-friendly navigation.
- Stay updated with industry trends and best practices in front-end development, applying them to deliver cutting-edge solutions with code quality, accessibility, and performance optimization.

Remote Quality Assurance Manager, Jul 2019 - Apr 2020

INTERNATIONAL SOLUTIONS CENTER, Ohrid, Macedonia

- Audited inbound and outbound PBX operators' phone calls to ensure strict adherence to company guidelines
- Oversaw the company's Content Management System (CMS) through regular updates and data revisions
